

How to Access Clever (McGraw Hill, Imagine Learning, Iready, etc.) on an iPad

If you are using a device that you checked out from the school:

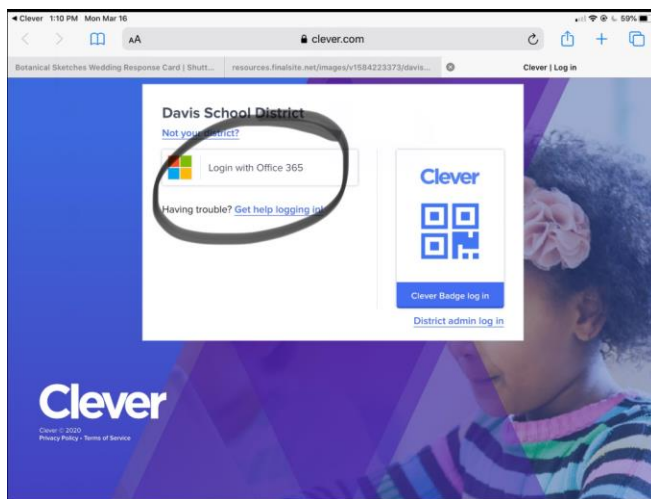

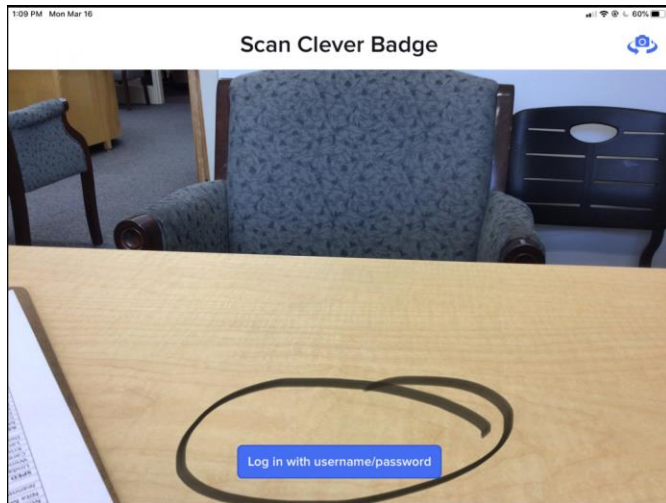

1. Click on the Clever app

If you are using your own device you will need to download the Clever Ap from the App Store:

2. Select Log in with username/password: and then Login with Office 365. This is your students email and password (if they do not know this email your teacher and they will give it to you)

3. One you have signed in you will have access to the resources available and will not need to sign into them individually.
