Community Council Minutes-October 4, 2019

1. Watchdog Launch- Thank you!

A big thank you was given to Michelle Winward for heading up the WatchDog night. It was very successful, and we did not have any pizza left.

Michael Christensen and Tyson Plastow were also thanked for taking time to tell the dads about their experiences as a WatchDog at our school.

2. DSD Accreditation – Mrs. Marshall

Mrs. Marshall reviewed the school's experiences during the accreditation visit to Ellison Park Elementary. Administration, students (with parent permission) and teachers were all interviewed during the process. It went well. We should know if we are accredited within the next 6 weeks

3. Community Council Training

Community Council was shown the Community Council Training Video provided on the Utah Landtrust Website.

4. Flexible Seating Tour

We took the Community Council on a tour of our flexible seat in Ms. Barrett's 2nd grade and Mrs. Farnsworth's 6th grade classes. The question was asked,

“How are we evaluating the success of our flexible seating.” We will get teachers involved with the “How” to evaluate if flexible seating is helping our students increase engagement and learning.
